

The Community of West Nipissing

Celebrates

Family Literacy Day

Theme for 2011- Play for Literacy

Thursday, January 27th 12:00 P.M. - 5:00 P.M.

Reserve a table right now. Your organization can be part of this history making event in West Nipissing.

All you need to do now is book your **'free'** table. Then by **January 15th** let us know how you will promote literacy and numeracy using the **games theme**.

The game can be an original game, board game, card game, or a computer based game. It can be a spelling-bee, story, poem, reading and/or writing event.

We hope to have participants of all ages join us – families, schools, and community members.

Learning happens in many ways and at all ages. *Play for Literacy* includes all types of play that encourages literacy and numeracy development as well as comprehension skills. Activities including board games, card games, and imaginative self-created games all help encourage literacy. Email us now to reserve a table for your organization or call Julie at 753-5730, ext 227
